ANALYSIS/CATALOG

a/ Source Card File

b/ Total file consolidates information from film analysis as well as from documents.

An information handling program of such dimensions required constant review, new approaches, and varied attacks; any detail that could improve services performed by OCD was considered. What were some of the ^{innovations} ~~changes~~ and what were their implications?

A. The Intellofax System

^{other} In the processing of ~~the~~ intelligence documents received from ~~the~~ ^{various} agencies, OCD found that the document ^{arriving} ~~received~~ in one copy only caused
